Dear Hiring Manager,

My name is Ali Hassan, I'm 25 years old and I'm open for internships positions for C++ Development in this industry. As for internships, I ask you to consider myself in the selection process for that position.

As a graduate at CITM-UPC I have been involved in the development of numerous C++ projects from scratch, including but not limited to SDL for 2D games, OpenGL for 3D games and custom-made engines. C#/Unity and Unreal Engine projects, spanning from AI fundamental behaviors to augmented reality (AR) mobile gaming.

For more extended information, I will leave my portfolio link [🔗](#). I am available to do internships on the afternoons, for more detailed information about availability please contact me at ali.hassan.shahid@estudiantat.upc.edu or ali.shahid.1212@proton.me and I will answer gratefully.

Sincerely,

Ali Hassan Shahid
